

Vmesh Fencing

Vmesh is our popular and economical easy install temporary or permanent single wire system. The panels are manufactured using a 5mm diameter wire with horizontal and vertical wires intersecting to form a 200x50mm aperture. Vmesh has a distinctive horizontal "V" shape pressed into the panel which provides strength, rigidity and impact resistance. The panels have a barbed spike on the top edge to deter climbing and our universal posts allow the panels to be inverted. The panels are supplied as std width of 3m and heights of 1230mm,1530mm,1730mm,1930mm and 2330mm. The panels are fixed to sturdy 60x60mm SHS posts with factory fitted inserts ready to accept clip brackets and anti-tamper fixings. Vmesh is offered in std RAL 6005 green or 9005 black with other colours supplied as a cost option.

Suitable For:

- New Build Housing
- Commercial Development

| 2400 | 2330mm x 3005mm | 60x60 SHS | 3100mm | 3020mm | 5 Clips & bolts | 5mm |
| 3000 | 2960mm x 2500mm | 60x60 SHS | 3750mm | 2520mm | 6 Clips & bolts | 5mm |

Produced from Galvanised Wire to BS EN 10244-2:2001 Class D

Post material manufactured to BS EN 10210-2: 1997 and galvanised to BS EN 10345:2009

Both panels & posts are powder coated to BS EN 13438: 2005 (minimum 100 microns)

The Vmesh mesh system is easy to install and it is supplied complete with metal clips and M8 Security fixings which require a security tool to install. The panels can be stepped on site to help the fenceline follow the ground.

- Post options available:**
- In ground posts
 - Baseplated posts
 - Wall fixing plates
 - Cranked or straight extensions
